Contains general information for technicians on the specifications, MIL resetting and DTC retrieval, accessory drive belts, timing belts, brakes, oxygen sensors, electric cooling fans, and heater cores of twenty-one types of import cars.

This definitive guide includes exclusive discount price lists and "low prices" to help shoppers negotiate with salespeople; specifications for all body styles, horsepower ratings, and EPA fuel economy ratings; rating charts that assess each car line in 16 categories covering performance, accommodations, workmanship, and value. Over 125 photographs.

Hariti is the ancient Indian goddess of childbirth and women healers, known at one time throughout South and Southeast Asia from India to Nepal and Bali. Daughters of Hariti looks at her 'daughters' today, female midwives and healers in many different cultures across the region. It also traces the transformation of childbirth in these cultures under the impact of Western biomedical technology, national and international health policies and the wider factors of social and economic change. The authors ask what can be done to improve the high rates of maternal and infant deaths and illnesses still associated with childbirth in most societies in this area and whether the wholesale replacement of indigenous knowledge by Western biomedical technology is necessarily a good thing.
