Endorsed by WJEC and written by experienced examiners David Burtenshaw and Sue Warn, this WJEC A2 Geography Student Unit Guide is the essential study companion for Unit G4: Sustainability. This full-colour book includes all you need to know to prepare for your unit exam: clear guidance on the content of the unit, with topic summaries, knowledge check questions and a quick-reference index exam advice throughout, so you will know what to expect in the exam and will be able to demonstrate the skills required exam-style questions, with graded student responses, so you can see clearly what is required to get a better grade

Three teenage girls share their stories about life as students, as young women with disabilities, and as minorities in a male-dominated special education school culture.

Can drinking coffee help people live longer? What makes a stock's price go up? Why did you get the flu? Causal questions like these arise on a regular basis, but most people likely have not thought deeply about how to answer them. This book helps you think about causality in a structured way: What is a cause, what are causes good for, and what is compelling evidence of causality? Author Samantha Kleinberg shows you how to develop a set of tools for thinking more critically about causes. You'll learn how to question claims, identify causes, make decisions based on causal information, and verify causes through further tests. Whether it's figuring out what data you need, or understanding that the way you collect and prepare data affects the conclusions you can draw from it, Why will help you sharpen your causal inference skills.

Here is 100% of what you need to develop killer Windows applications that fully exploit the hot new features of the Internet-savvy Windows 98 operating system. The CD-ROM includes all sample code and applications, as well as third-party tools.

required to get a better grade

A dangerous prophecy threatens Edwardian London... and it begins with a murder. Lily Albright can see the future, and it looks like hell. In an England on the brink of war, Lily is plagued by psychic visions of the cataclysmic destruction of London. An ancient prophecy is coming to fruition, and it starts with the gruesome discovery of a corpse in the sewers. To save her city, Lily must untangle a web of conspiracy and violence. She'll need the help of all of her fellow Charismatics—the men and women who know "the impossible things". That includes the enigmatic Lord Strangford, whose ability to see into the darkest corners of Lily's soul threatens to tear their relationship apart. From the gutters of the Limehouse to the champagne-soaked ballrooms of St. John's Wood, Lily races to expose a plot that could bring the British empire to its knees. But changing fate and preventing an apocalypse will put Lily's charismatic powers to the ultimate test. Jacquelyn Benson continues *The London Charismatics* with another supernatural historical fantasy full of deadly mystery and arcane powers. Pick up *The Shadow of Water* and return to the dark, mystical streets of Edwardian England.

Wellbeing in Later Life uses the latest research from a variety of disciplines to address and correct common myths and misconceptions about aging. Covers topics ranging from biological mechanisms that affect aging to lifestyle, attitudes, and social factors Examines the challenges of humanity's increasing life expectancy and includes recommendations for maintaining and enhancing wellbeing in later life Makes meaningful connections between research and practice to link aspects of aging which have previously been considered separate Part of the six-volume *Wellbeing: A Complete Reference Guide*, which brings together leading research from across the social sciences
