Over the last three decades, the Arab world (hereafter referred to as the AW, as per the definition of the Arab League) has undergone a process of reverse development. It has de-developed . The quality of its capital stock has depreciated, median incomes have plummeted, unemployment has soared, and restrictions on already constrained civil liberties have tightened.

In Arab Development Denied (Anthem Press, 2014) Ali Kadri examines how the Arab world has undergone a process of developmental descent, or "de-development" over the past three decades. The Arab world has lost its wars and its society has restructured to absorb the terms of defeat, masquerading as development policies under neoliberalism.

Ali Kadri examines how over the last three decades the Arab world has undergone a process of developmental descent, or de-development. Driven by their own class proclivity and as a result of successive defeats in wars, loss of security and sovereignty, Arab ruling classes have metamorphosed into fully compradorial classes that have relinquished autonomy over policy.

~~Arab Development Denied: Dynamics of Accumulation by Wars ...~~

Arab Development Denied examines how over the last three decades the Arab world has undergone a process of developmental descent, or de-development. As a result of defeat in wars, the loss of security and sovereignty, and even their own class proclivity, the Arab ruling classes have been transformed into fully compradorial classes that have relinquished autonomy over policy.
