Much is expected of private financing to help meet the infrastructure requirements of the rapidly growing East Asian economies. Although private financing grew

Online Library Art Models Hoot Anaiv Motion Session

Art Models Series

briskly during the 1990s, it represents only a small share of all infrastructure investment in the region (between 12 and 18 percent). This monograph draws on experience in a number of countries in East Asia, as

Online Library Art Models Hoot Anaiv Motion Session

well as Australia, Chile,
and India, to analyze the
impediments to and prospects
for private financing of
infrastructure. The chapters
discuss the choices
available to policymakers
and the strategies that

Online Library Art Models Hoot Anaiv Motion Session

Art Models Series
governments have followed.

An overview chapter describes recent trends in international financing of infrastructure projects in the region, discusses the key policy and institutional impediments to greater

private participation, and assesses the role of domestic capital markets and finance. It also outlines a national and regional strategy for stimulating private investment in infrastructure. The case

"Presenting a theoretical model of the social process of "emerging" illness, the volume's introductory chapter identifies critical factors that shape different trajectories toward the

After many decades of

Online Library Art Models Hoot Anaiv Motion Session

neglect, the last forty years have seen a renewed scholarly appreciation of the literary value of the Greek novel. Within this renaissance of interest, four monographs have been published to date which

Online Library Art Models Hoot Anaiv Motion Session

Art Models Series
focus on individual novels;
I refer to the specialist
studies of Achilles Tatius
by Morales and Laplace and
those of Chariton of
Aphrodisias by Smith and
Tilg. This book adds to this
short list and takes as its

Art Models Series Xenophon's
Ephesiaca. Among the five
fully extant Greek novels,
the Ephesiaca occupies the
position of being an
anomaly, since scholars have
conventionally considered it
to be either a poorly

Online Library Art Models Hoot Anaiv Motion Session

Art Models Series
written text or an epitome
of a more sophisticated lost
original. This monograph
challenges this view by
arguing that the author of
the Ephesiaca is a competent
writer in artistic control
of his text, insofar as his

Online Library Art Models Hoot Anaiiv Motion Session

work has a coherent and
emplotted focus on the
protagonists' progression in
love and also includes
references to earlier texts
of the classical canon, not
least Homer's Odyssey and
the Platonic dialogues on

Online Library Art Models Hoot Anaiv Motion Session

Love. At the same time, the Ephesiaca exhibits stylistically an overall simplicity, contains many repetitions and engages with other texts via a thematic, rather than a pointed, type of intertextuality; these

Online Library Art Models Hoot Anaiv Motion Session

and other features make this text different from the other extant Greek novels. This book explains this difference with the help of Couegnas' view of 'paraliterature, ' a term that refers not to its

Online Library Art Models Hoot Anaiv Motion Session

status as 'non-literature'
but rather to literature of
a different kind, that is
simple, action-oriented, and
entertaining. By offering a
definition of the Ephesiaca
as a paraliterary narrative,
this monograph sheds new

Online Library Art Models Hoot Anaiv Motion Session

light on this novel and its position within the Greek novelistic corpus, whilst also offering a more nuanced understanding of intertextuality and paraliterature.

The availability of spatial databases and widespread use of geographic information systems has stimulated increasing interest in the analysis and modelling of

Online Library Art Models Hoot Anaiv Motion Session

spatial data. Spatial data analysis focuses on detecting patterns, and on exploring and modelling relationships between them in order to understand the processes responsible for their emergence. In this

Online Library Art Models Hoot Anaiv Motion Session

Art Models Series
way, the role of space is emphasised , and our understanding of the working and representation of space, spatial patterns, and processes is enhanced. In applied research, the recognition of the spatial

dimension often yields
different and more
meaningful results and helps
to avoid erroneous
conclusions. This book aims
to provide an introduction
into spatial data analysis
to graduates interested in

research. The text has been structured from a data-driven rather than a theory-based perspective, and focuses on those models, methods and techniques which are both accessible and of

practical use for graduate students. Exploratory techniques as well as more formal model-based approaches are presented, and both area data and origin-destination flow data are considered.

Diverse driving forces, processes and actors are responsible for different trends in the development of megacities and large urban areas. Under the dynamics of global change, megacities

Online Library Art Models Hoot Anaiiv Motion Session

are themselves changing: On the one hand they are prone to increasing socio-economic vulnerability due to pronounced poverty, socio-spatial and political fragmentation, sometimes with extreme forms of

Online Library Art Models

Hoot Anaiv Motion Session

Art Models Series

segregation, disparities and conflicts. On the other hand megacities offer positive potential for global transformation, e.g. minimisation of space consumption, highly effective use of resources,

prevention and health care options - if good strategies were developed. At present in many megacities and urban areas of the developing world and the emerging economies the quality of

Online Library Art Models Hoot Anaiv Motion Session

Life is eroding. Most of the megacities have grown to unprecedented size, and the pace of urbanisation has far exceeded the growth of the necessary infrastructure and services. As a result, an increasing number of urban

Online Library Art Models Hoot Anaiiv Motion Session

Art Models Series
dwellers are left without access to basic amenities like clean drinking water, fresh air and safe food. Additionally, social inequalities lead to subsequent and significant intra-urban health

inequalities and unbalanced disease burdens that can trigger conflict and violence between subpopulations. The guiding idea of our book lies in a multi- and interdisciplinary approach to the complex

Online Library Art Models Hoot Anaiiv Motion Session

topic of megacities and urban health that can only be adequately understood when different disciplines share their knowledge and methodological tools to work together. We hope that the book will allow readers to

Online Library Art Models Hoot Anaiiv Motion Session

deepen their understanding
of the complex dynamics of
urban and megacity
populations through the lens
of public health,
geographical and other
research perspectives.
