This graphic novel is set in Italy in 2048. Raniero is a fifty-something psychologist whose marriage is failing. In the sky, strange bright triangles appear, bearing mysterious messages from an extraterrestrial civilization. Dora, his young patient, is part of the "New" Convention, a movement of young people preaching free love and alternative models to coupling and family. She declares

that her telepathic abilities can parse the signal — a warning of some kind. Initially skeptical, Raniero's curiosity and attraction grows. The Interview is a science fiction novel that eschews the stars in favor of the delicate, fragile, interior world of human emotion.

Born in Baltimore in 1915, and dead too early in New York in 1959, Billie Holiday became a legendary jazz singer, even mythical. With her voice even now managing to touch so many people, we follow a reporter on the trail of the artist on behalf of a New York daily. Beyond the public scandals that marred the

life of the star (alcohol, drugs, violence...), he seeks to restore the truth, revisiting the memory of Billie. Through this investigation, Muñoz and Sampayo trace, through the undertones of racism, and in the wake of the blues, the slow drift of a singer who expressed the deepest emotions in jazz. By internationally renowned Argentine artists, featuring Muñoz' strikingly raw heavy blacks, this is not just a biography but a spell-binding art book tribute.

Innocence is the first of two volumes that present for the first time in English the complete Alack Sinner comics by the Argentine-born team of artist Jose Munoz and writer Carlos Sampayo. Sinner is a hard-boiled private detective whose adventures are played out to a jazz soundtrack in a noir New York from 1975 through the 2000s. The stories are imbued with a deep political conscience and present a scathing critique of corruption in society, juxtaposed with meditations on the nature of violence and exile. The authors have rearranged the stories in chronological order of the characters and events, rather than dates of first publication, providing a novel reading

experience for both new fans and old. The Age of Innocence collects eleven stories, including Talkin with Joe, The Webster Case, The Fillmore Case, Viet Blues, Life Ain't a Comic Strip, Baby, Twinkle, Twinkle, and Dark City. Alack Sinner is an international bestseller and between them Munoz and Sampayo are winners of Europe's top comics awards."
