In this volume, which contains six suites and seven supplementary pieces for intermediate to advanced level pianists, Judith Schneider has provided detailed biographical and historical information about the pieces, as well as suggestions to achieve a proper interpretation of these works. Bach's table of ornaments is also discussed. This volume beautifully prepares students to perform Bach's more advanced English Suites.

(Educational Piano Library). Piano Practice Games presents imaginative ways to introduce pieces in Piano Lessons by coordinating technique, concepts, and creativity with the actual music in the Piano Lessons books. These preparation activities help focus learning by 'playing with' each lesson piece aurally, visually, and physically. Whether used in individual or group lessons, Piano Practice Games are all designed to make music. Many activities include accompaniments that can be added by the teacher or by using the CD or GM disk from the corresponding Piano Lessons book.

So you want to learn the ins and outs of creating dance music and looking to improve your production? Then this book is just for you. No matter what genre you are interested in- trance, techno, garage, chill out, house or what tool you are working with- Ableton, Reason, Reaktor or Absynth, Snowman covers every aspect of dance music production- from sound design, compression and effects to mixing and mastering to help you improve your music. No matter what your level of experience the Dance Music Manual is packed with sound advice, techniques and practical tips to help you achieve professional results. The CD provides demo tracks showing what can be achieved when applying the advice contained in the book, including examples of the quality difference before and after mixing and mastering. The CD also contains free software demos for you to download. For even more advice and resources, check out the book's official website www.dancemusicproduction.com
