China is tirelessly working to overcome its technological deficiencies by driving R&D initiatives in government and business and adapting Western Internet platforms for domestic use. It is extending its technological reach through a major drive to rival India as a services outsourcing leader and projecting its high-tech brands into the companies and homes of other countries.

China Fast Forward: The Technologies, Green Industries and ...

As the country meets global challenges on a scale that few nations can match, China Fast Forward takes a look at what lies ahead and why China ' s success is important to us all. In this book, Bill Dodson explores China's reincarnation from a closed, agrarian nation into a modern, high-tech superpower bent on literally cleaning up its act.
