As marketing professional and author Al Ries has said ... "Advertising has no credibility with consumers, who are increasingly skeptical of its claims and whenever possible are inclined to reject its message." Once people try the product and it works, then you are on your way to sustainable results.

Transparent Marketing: How to make your product claims ...

Brand credibility is often pointed out by marketing experts as one psychological factor that could trigger the buying impulse of consumers. However, just like with any type of triggers, it can produce a positive or negative effect. In this case, it refers to your brand's reputation and its ability (or inability) to convert that into sales.
