Monasticism. The origins of and inspiration for monasticism, an institution based on the Christian ideal of perfection, have traditionally been traced to the first apostolic community in Jerusalem—which is described in the Acts of the Apostles—and to Jesus' sojourn in the wilderness. In the early church, monasticism was based on the identification of perfection with world-denying asceticism and on the view that the perfect Christian life would be centred on maximum love of God and ...

One of the most famous monastics (if not the most famous) was Saint Benedict of Nursia (c. 480 – c. 543 CE). MacColloch writes, "Benedict is a shadowy figure who quickly attracted a good deal of legend, lovingly collected into a life by Pope Gregory I [c. 540 – 604 CE] at the end of the sixth century" (317).

monasticism. monasticism (m?n?s 1?s2?m, m?-), form of religious life, usually conducted in a community under a common rule. Monastic life is bound by ascetical practices expressed typically in the vows of celibacy, poverty, and obedience, called the evangelical counsels. Monasticism is traditionally of two kinds: the more usual form is known as the cenobitic, and is characterized by a completely communal style of life; the second kind, the eremitic, entails a hermit's life of ...
