Gender and crime - SlideShare

According to national statistics, around 5% of men and fewer than 3% of women over the age of 16 were victims of crime in the year prior to a survey conducted by the government in 2002/3. In the age 16-24 age group, the gap is much larger with 15% of males being a victim of violent crime in comparison to 7% of females.

Advanced Higher Modern Studies

Some of the more salient aspects of gender, relative to crime and the criminal justice system, highlighted by feminist research include the notion that girls and women in the criminal justice system are more likely than boys to have histories of sexual and physical victimization; that women in the criminal justice system are frequently sole caregivers of dependent children; and, finally, that the abuse that characterized their childhoods continues on into adulthood.
