Lifelong landscape design means thinking about more than your garden. It involves encouraging your community to be a well-rooted environment consisting of friends who share home-grown produce, walk in the neighborhood, recycle, water harvest, compost and are watchful of each other's well-being. Lifelong landscape designs create environments that connect with nature, encompass a home, and promote healthy living by providing mobility, social interaction, and places to sustain the body and soul. Learn easy steps to design your own lifelong landscape through more than 200 landscape patterns and activities that illustrate components of healthy living. Enhance the quality of your life at any stage with practical advice from this inspirational landscape architect with more than 30 years experience.

Lek and Giannis were married for ten years and lived happily with their children in North-East Thailand. Though Giannis spoke often of his Cretan childhood and heritage, he never showed his family the island of his birth. When Giannis dies, his widow takes her two children to Crete on a journey of discovery which will change their lives. This story first appeared in the collection Mist on the Jungle and Other Stories.

A history of America's most important farm implement manufacturing company traces the development of Deere from the early 1800s, through the Industrial Revolution, to the present

In August, 1960, thousands of enthusiastic on-lookers gathered to witness the long-awaited introduction of John Deere's new four-cylinder tractors. Presented in archival photographs and ads, as well as contemporary color photography, this volume presents an inside look at how the tractors were designed and conceived, and discusses the managerial strife that made the New Generation (1960-72) tractors possible. Includes coverage of features and options. Standard hardware, as well as rare options, for the 1000, 2000, 3000, 4000, 5000, 6000, 7000 and Worldwide series tractors is covered in detail.
