A young mother awakens early one morning to find her tiny three-month-old premature daughter, Natalia, struggling to breathe and almost rigid. After a call to 911, Natalia is taken by ambulance with her mother to the ER. Almost immediately doctors have brain and bone scans ordered for Natalia. The results of those scans indicate that she is unlikely to live. Mother, father, and extended family are devastated. But the next statement by doctors is almost as unsettling, and even

more shocking. They unequivocally diagnose her condition as "shaken baby" abuse. That horrific diagnosis initiates a family journey through the court system that would last for years in search of the truth. This book describes in detail that journey and its impact on the people involved.

"A searing and emotionally gripping account of a young black girl growing up to become a strong black woman during the most difficult time of racial segregation."—Professor Charles Ogletree, Harvard Law School

"Provides important context for an important

moment in America's history."—Associated Press When fourteen-year-old Carlotta Walls walked up the stairs of Little Rock Central High School on September 25, 1957, she and eight other black students only wanted to make it to class. But the journey of the "Little Rock Nine," as they came to be known, would lead the nation on an even longer and much more turbulent path, one that would challenge prevailing attitudes, break down barriers, and forever change the landscape of America. For Carlotta and the eight other children, simply getting through the door of this admired academic institution involved

angry mobs, racist elected officials, and intervention by President Dwight D. Eisenhower, who was forced to send in the 101st Airborne to escort the Nine into the building. But entry was simply the first of many trials. Breaking her silence at last and sharing her story for the first time, Carlotta Walls has written an engrossing memoir that is a testament not only to the power of a single person to make a difference but also to the sacrifices made by families and communities that found themselves a part of history.

A personal account of the nation's most famous school integration recounts the author's decision to attend Little Rock's all-white Central High and describes how subsequent events affected her family's beliefs about dedication, perseverance, and sacrifice.

This unique picture book was inspired by the stone artwork of Syrian artist Nizar Ali Badr, discovered by chance by Canadian children's writer Margriet Ruurs. The author was immediately impressed by the strong narrative quality of Mr. Badr's work, and,

using many of Mr. Badr's already-created pieces, she set out to create a story about the Syrian refugee crisis. Stepping Stones tells the story of Rama and her family, who are forced to flee their once-peaceful village to escape the ravages of the civil war raging ever closer to their home. With only what they can carry on their backs, Rama and her mother, father, grandfather and brother, Sami, set out to walk to freedom in Europe. Nizar Ali Badr's stunning stone images illustrate the story. Orca Book Publishers is pleased to offer this book as a dual-language (English and Arabic) edition.

First Term Report by the Presidential Truth Commission on Suspicious Deaths of the Republic of Korea

In her debut book, *I Ate the Cake: A Journey for Justice*, Darline Amos-McElroy detailed workplace abuse of harassment, retaliation, and racism from her bosses. As an educator and school counselor, Darline regularly taught students to advocate for themselves but finds herself in an almost 9-year marathon seeking justice alone. The author sought the assistance from upper-level

administrators who admitted to the racism but left Darline wondering how justice prevails. After doing "the right thing," the author faced more than the job's usual demands. The right thing led to more retaliation and harassment, then discovering why her bosses felt empowered. Attempting to learn and use the law to assist her after the school district failed to execute justice, the author shares the many attempts to get help for governmental entities. Darline uses the challenges to learn the importance of resilience and the balance of love, forgiveness, and justice. The author

encourages fellow Christians, through Biblical examples, to see the opportunity to be used as vessels in their daily lives. I Ate the Cake: A Journey for Justice, an emotional and Spirit-filled journey that engages the reader in sometimes comical, but a very lengthy trial of resilience and obedience to the call of Christianity.

In 1954, Brown vs. the Board of Education galvanized the young Cochran. Taking Thurgood Marshall as his role model, Cochran embarked on a legal career in which he won landmark decisions against official misconduct within

the criminal justice system.

To Free a Family tells the remarkable story of Mary Walker, who in August 1848 fled her owner for refuge in the north and spent the next seventeen years trying to recover her son and daughter. Her freedom, like that of thousands who escaped from bondage, came at a great price—remorse at parting without a word, fear for her family's fate.

Patrick McCarthy led a simple, unassuming life. He and his family were thrust into a world where very few have traveled. After a

night spent with friends, his sixteen year old daughter was found dead in the morning. What happened? Who is responsible? Patrick seeks answers and justice for those responsible. Follow the pursuit of justice from a grief stricken father, written as events were unfolding. Current books only deal with grief. This book includes a father's grief, the legal system with its complications and a lengthy trial with an unexpected outcome.

In 1949, twin sisters came into this world surprising everybody including their parents

and the doctor because he heard only one heartbeat. On a path ordered by God, the twins touched the lives of many in their roles as teachers, attorneys, and judges. The rocky road the twins followed to achieve these professions was God's way of preparing them for life. In *Your Honor, Your Honor*, author Judge Leonia J. Lloyd tells the story of this dynamic duo whose professional careers led them to become models, schoolteachers, and entertainment lawyers. Eventually, with their unique moniker, *Twins for Justice*, they became the first identical-twin district court judges to sit on the same

bench at the same time in the country. Focusing on restorative justice, their careers were on a meteoric rise until the unexpected and sudden death of Judge Leona Lloyd put an abrupt halt to their successful lives together. Lost and alone, Leonia was in the storm of her life; despair had an iron clad grip around her. She turned to God for guidance, and her prayers were answered. Your Honor, Your Honor chronicles her life experiences including her relationship with her twin, her struggles against racism, her account of the grieving process, and her stride toward justice.
