"Several bartenders mentioned Gary Regan's Joy of Mixology and its taxonomic approach to 'families' of mixed drinks as a helpful memory aid. If you master the basics—how much spirit to how much modifier and sweetener for a handful of drink families—then you can focus on the specific ingredients, and turn to the 'family' ratios for measures."

In "The Joy of Mixology", Gary lays out for us the results of what obviously has been many years of research into what cocktails really are, and how to make them properly. First he covers the common topics such as history, bartending, garnishes, glassware, but with far more interesting information than you most likely have seen elsewhere.
