Suspension is probably the most misunderstood aspect of motorcycle performance. This book, by America's premier suspension specialist, makes the art and science of suspension tuning accessible to professional and backyard motorcycle mechanics alike. Based on Paul Thede's wildly popular Race Tech Suspension Seminars, this step-by-step guide shows anyone how to make their bike, or their kid's, handle like a pro's. Thede gives a clear account of the three forces of suspension that you must understand to make accurate assessments of your suspension's condition. He outlines testing procedures that will help you gauge how well you're improving your suspension, along with your riding. And, if you're inclined to perfect your bike's handling, he even explains the black art of chassis geometry. Finally, step-by-step photos of suspension disassembly and assembly help you rebuild your forks and shocks for optimum performance. The book even provides detailed troubleshooting guides for dirt, street, and supermoto--promising a solution to virtually any handling problem.

Moving to a new Amish settlement in small-town Colorado was a brave new start for independent-minded quiltmaker Esther Kiem. But helping her reckless relative will really put her special matchmaking skills to the test . . . Mischievous and rebellious, young Ben Kiem is making the wrong kind of name for himself throughout the town of Byler. And even though his sister-in-law, Esther, somehow coaxes him into keeping company with sensible Linda Eicher, Ben can't see anything they have in common. Or that he could ever be good enough for someone like her. But Linda's down-to-earth nature and unexpected understanding have Ben trying his best to be better, no matter how challenging . . . Linda couldn't be more surprised when Ben turns out to be caring and helpful, despite his rowdy pranks and bad-news friends. And falling in love with him suddenly seems just right. But when a heartbreaking misunderstanding comes between them, both she

EX250 (1988-2012)

The sister of Bram Stoker and the niece of Sherlock Holmes investigate missing girls and murder in this steampunk fantasy mystery series opener. Evaline Stoker and Mina Holmes never meant to get into the family business. But when you're the sister of Bram and the niece of Sherlock, vampire hunting and mystery solving are in your blood. And when two society girls go missing, there's no one more qualified to investigate. Now fierce Evaline and logical Mina must resolve their rivalry, navigate the advances of not just one but three mysterious gentlemen, and solve murder with only one clue: a strange Egyptian scarab. The stakes are high. If Stoker and Holmes don't unravel why the belles of London society are in such danger, they'll become the next victims. Praise for *The Clockwork Scarab* “With its fog-shrouded setting, its heart-racing and clever plot and, most of all, its two completely delightful, kick-butt heroines, *The Clockwork Scarab* is pure, delicious fun from beginning to end.” –Rachel Hawkins, *New York Times*—bestselling author of the *Hex Hall* series “The author's writing exudes energy, romance, and humor, and she gives her heroines strong, vibrant personalities as they puzzle out the expansive mystery unfolding before them.” –Publishers Weekly “The mishmash of popular tropes (steampunk! vampires! Sherlock Holmes!) will bring readers in, but it's the friendship between the two girls that will keep them.” –Kirkus Reviews “This book has it all: plot, setting, character development . . . . All in all, the vivid setting and the finely drawn, compelling heroines make this a fine choice for readers who like their stories with steampunk spice and smart, strong women.” –School Library Journal
