Liar's Poker: Rising Through the... book by Michael Lewis

21 years after publication, Liar's Poker feels both relevant and ancient. Relevant because it seems the Big Swinging Dicks of Wall Street are ever with us; ancient because of references to things like WATS lines and the lionizing of Salomon Brothers trader John Meriwether, whose Long-Term Capital Management would spectacularly implode in 1998, and Michael Milken, who apparently had not yet ...

Liar's Poker by Michael Lewis - Goodreads

Liar's Poker is a non-fiction, semi-autobiographical book by Michael Lewis describing the author's experiences as a bond salesman on Wall Street during the late 1980s. First published in 1989, it is considered one of the books that defined Wall Street during the 1980s, along with Bryan Burrough and John Helyar's Barbarians at the Gate: The Fall of RJR Nabisco, and the fictional The Bonfire of the Vanities by Tom Wolfe. The book captures an important period in the history of Wall Street. Two impo

Liar's Poker: Rising Through the Wreckage on Wall Street: Lewis, Michael, Lewis, Michael: Amazon.sg: Books

The author recounts his experiences on the lucrative Wall Street bond market of the 1980s, where young traders made millions in a very short time, in a humorous account of greed and epic folly.

The author recounts his experiences on the lucrative Wall Street bond market of the 1980s, where young traders made millions in a very short time, in a humorous account of greed and epic folly.

The time was the 1980s. The place was Wall Street. The game was called Liar ' s Poker. Before there was Flash Boys and The Big Short, there was Liar's Poker. A knowing and unnervingly talented debut, this insider ' s account of 1980s Wall Street excess transformed Michael Lewis from a disillusioned bond salesman to the best-selling literary icon he is today. Together, the three books cover thirty years of endemic global corruption—perhaps the defining problem of our age—which has never been so hilariously skewered as in Liar's Poker, now in a twenty-fifth-anniversary edition with a new afterword by the author. It was wonderful to be young and working on Wall Street in the 1980s: never before had so many twenty-four-year-olds made so much money in so little time. After you learned the trick of it, all you had to do was pick up the phone and the money poured in your lap. This wickedly funny book endures as the best record we have of those heady, frenzied years. In it Lewis describes his own rake ' s progress through a powerful investment bank. From an unlikely beginning (art history at Princeton?) he rose in two short years from Salomon Brothers trainee to Geek (the lowest form of life on the trading floor) to Big Swinging Dick, the most dangerous beast in the jungle, a bond salesman who could turn over millions of dollars' worth of doubtful bonds with just one call. As he has continued to do for a quarter century, Michael Lewis here shows us how things really worked on Wall Street. In the Salomon training program a roomful of aspirants is stunned speechless by the vitriolic profanity of the Human Piranha; out on the trading floor, bond traders throw telephones at the heads of underlings and Salomon chairman Gutfreund challenges his chief trader to a hand of liar ' s poker for one million dollars.

The time was the 1980s. The place was Wall Street. The game was called Liar's Poker. Michael Lewis was fresh out of Princeton and the London School of Economics when he landed a job at Salomon Brothers, one of Wall Street's premier investment firms. During the next three years, Lewis rose from callow trainee to bond salesman, raking in millions for the firm and cashing in on a modern-day gold rush. Liar ' s Poker by Michael Lewis | Summary & Analysis Preview: Liar's Poker is the story of the investment banking firm Salomon Brothers during the tenure of CEO John Gutfreund, lasting from 1978-1991, and to a lesser extent, a description of the wider financial world of the 1980s. The growth of Wall Street firms like Salomon Brothers was boosted by government deregulation which allowed for the growth and creation of risky mortgage-backed securities and high-yield junk bonds during this period. During the 1980s, Salomon Brothers was the largest investment banking firm in the United States... PLEASE NOTE: This is key takeaways and analysis of the book and NOT the original book. Inside this Instaread Summary of Liar ' s Poker · Overview of the book · Important People · Key Takeaways · Analysis of Key Takeaways

The classic warts-and-all portrait of the 1980s financial scene. The 1980s was the most outrageous and turbulent era in the financial market since the crash of '29, not only on Wall Street but around the world. Michael Lewis, as a trainee at Salomon Brothers in New York and as an investment banker and later financial journalist, was uniquely positioned to chronicle the ambition and folly that fueled the decade.

The author recounts his experiences on the lucrative Wall Street bond market of the 1980s, where young traders made millions quickly and easily, in a humorous account of greed and epic folly

Forfatteren fortæller om livet bag kulisserne i den internationale børs- og finansverden, specielt om sine tre år som børsmægler i verdens største investeringsbank Salomon Brothers i New York og London

Read Book Liars Poker Rising Through The Wreckage On Wall Street

“ Lewis shows again why he is the leading journalist of his generation. ” —Kyle Smith, Forbes The tsunami of cheap credit that rolled across the planet between 2002 and 2008 was more than a simple financial phenomenon: it was temptation, offering entire societies the chance to reveal aspects of their characters they could not normally afford to indulge. Icelanders wanted to stop fishing and become investment bankers. The Greeks wanted to turn their country into a pinata stuffed with cash and allow as many citizens as possible to take a whack at it. The Germans wanted to be even more German; the Irish wanted to stop being Irish. Michael Lewis's investigation of bubbles beyond our shores is so brilliantly, sadly hilarious that it leads the American reader to a comfortable complacency: oh, those foolish foreigners. But when he turns a merciless eye on California and Washington, DC, we see that the narrative is a trap baited with humor, and we understand the reckoning that awaits the greatest and greediest of debtor nations.
