This Sign Painting book will teach you the proper way a sign should be laid out, taking in balance, breathing room, and overall layout.

sign painting books

The late Mike Stevens discussed this years ago in his book, Mastering Layout. Mike's simple formula was that decorative typefaces were to be used sparingly for the primary copy. Secondary text should be done in highly legible type to ensure that more of the message could be read in the minimal time that most viewers have to read a sign.
