Overview (Mule ESB 3.7.0 API)

If you have read the Mule ESB 3.7 release notes then you already know what I ' m about to say, but just to recap, here we go.... A lot of effort was put in 3.7 to upgrade our libraries stack. That effort actually began in 3.6, and although the list of upgraded libraries is not so big as it was on that release, it ' s somehow more significant given that we upgraded some dependencies that we ...

Once the score has been derived, MuleSoft will determine the appropriate course of action for developing and disseminating a fix. When such a vulnerability is assigned a “ high ” score (>7.0), MuleSoft will treat the issue as critical, and where possible, will prioritize the fix ahead of existing development schedule.
