A student version of Micros Fidelio, a guest management software application, is included within the text. Micros Fidelio is the industry standard guest service program.

Understanding the global hotel business is not possible without paying specific attention to hotel chain management and dynamics. Chains are big business, approximately 80 percent of hotels currently being constructed around the world are chain affiliated and, in 2014, the five largest brands held over a one million rooms. The high economic importance of the hotel chains and their global presence justifies the academic research in the field however, despite this, there is no uniform coverage in the current body of literature. This Handbook aids in filling the gap by exploring and critically evaluates the debates, issues and controversies of all aspects of hotel chains from their nature, fundamentals of existence and operation, expansion, strategic and operational aspects of their activities and geographical presence. It brings together leading specialists from range of disciplinary backgrounds and regions to provide state-of-the-art theoretical reflection and empirical research on current issues and future debates. Each of the five inter-related section explores and evaluates issues that are of extreme importance to hotel chain management, focusing on theoretical issues, the expansion of hotel chains, strategic and operational issues, the view point of the individual affiliated hotel and finally the current and future debates in the theory and practice of hotel chain management arising from globalisation, demographic trends, sustainability, and new technology development. It provides an invaluable resource for all those with an interest in hotel management, hospitality, tourism and business encouraging dialogue across disciplinary boundaries and areas of study. This is essential reading for students, researchers and academics of Hospitality as well as those of Tourism, Marketing, Business and Events Management.

This state-of-the-art handbook approaches the topics of hospitality strategy with an emphasis on immediate application of ideas to current practice. Top hospitality scholars make original contributions with the inclusion of senior level executives input, insights and current best practices. By incorporating the latest research and thinking on various strategic topics with the commentary and insights of successful executives this handbook blends cutting edge ideas and comprehensive reviews of the subject with innovative illustrations and examples from practice. The strength of the handbook is its combination of academic rigour and hospitality application. The handbook will have a clear reference orientation and focus on key topical issues and problem of interest to practitioners and advanced students of hospitality strategy.

Reliable advice to help hospitality managers prevent legal problems and avoid litigation. Is an unhappy restaurant guest legally entitled to a refund for food she ate? Is a hotel required to replace money that a guest claims was taken from his room? Can a hospital food and beverage director legally accept a holiday gift from a vendor without threatening her employment status? "Hospitality Law, Second Edition" provides readers with answers to these questions and more. Packed with interactive exercises as well as up-to-date legal information specific to the hospitality industry, "Hospitality Law" benefits students by emphasizing preventive legal management and effective decision-making. This "Second Edition" gives students and managers background on safety and security requirements, disputes with customers, hiring and firing employees, liabilities associated with serving alcohol, and much more, including: New coverage of legal issues in travel and tourism, including those associated with transportation, travel agents, tour operators, gaming, mixed-use, and timeshare propertiesNewly added real-world legal case summaries that illustrate the practical application of hospitality laws in actual hospitality operations. Each case summary features a "Message to Management" that gives the reader a clear explanation of the impact of the decision on best practices, as well as preventative measures managers can take to limit exposureNew coverage of legal issues related to amusement parks and the Internet booking phenomenonNew "International Snapshots" offering insights from practicing attorneys and other professionals regarding differences between U.S. and international laws related to hospitalityUpdated Web exercises and guidance for researching on the Internet Encouraging readers to think critically about legal concepts related to hospitality, "Hospitality Law, Second Edition" is an indispensable part of every hospitality manager's education.
