The Other Side of Sadness: What the New Science of Bereavement Tells Us about Life After Loss. We tend to understand grief as a predictable five-stage process of denial, anger, bargaining, depression, and acceptance. But in *The Other Side of Sadness*, George Bonanno shows that our conventional model discounts our capacity for resilience.

I know there are no shortcuts to getting to the other side of sadness aside from going through it. “Oh honey,” I say. I am constantly at odds with how much truth to share with her about this crazy, uncertain, often-terrifying-but-also-beautiful-and-miraculous world. I swing back and forth between feeling like I say too much, and not knowing ...
