Street Years' is the book to have. It begins with the 1979 General Election, and carries forward to her resignation as Prime Minister a decade later.

Downing Street Years: Thatcher, Margaret, Thatcher ...

The Downing Street Years. Published 1993. The book only cost one dollar. A big hardback in near-new condition. On reaching chapter three, 'Into the Whirlwind', page 60, I decided to move this tome to the Read list. To get through this book I'll read it in sections and when in a receptive mood. I'll jump ahead to chapters that are of more interest to me.

53 Downing Street, Manhattan, NY 10014 | Compass

The warmth and charm at Downing Street are worth more than five stars. I have sent 2 children there and could not have wished for a better introduction to school. The environment is caring, nurturing, inviting, and refreshingly outside of the craziness that nursery school in Manhattan can become.

She was known as the Iron Lady, but Margaret Thatcher dissolved into floods of tears on the day she left Downing Street 30 years ago, on 28 November 1990. Back then, I was a political correspondent for the Today newspaper and the events leading up to that emotional day were the most dramatic during my nearly 40 years of reporting on politics.

meeting at college.

This first volume of Margaret Thatcher's memoirs encompasses the whole of her time as Prime Minister - the formation of her goals in the early 1980s, the Falklands, the General Election victories of 1983 and 1987 and, eventually, the circumstances of her fall from political power. She also gives frank accounts of her dealings with foreign statesmen and her own ministers.

The first volume of memoirs by Margaret Thatcher frankly recalls the former British prime minister's dealings with U.S. presidents, the Falkland War, and her election victories in 1983 and 1987. 150,000 first printing. \$150,000 ad/promo. Tour.

At last in paperback, the New York Times bestselling memoirs of Margaret Thatcher provide a riveting inside look at her role as a world leader and the events and personalities that shaped her years as Britain's prime minister. 68 halftones and 15 full-color photos.

In October 1989, Nigel Lawson, the longest-serving Chancellor of the Exchequer since World War I, resigned after a very public row with the then Prime Minister, Margaret Thatcher. This biography deals with his time in office and the reasons behind his resignation.

In her international bestseller, *The Downing Street Years*, Margaret Thatcher provided an acclaimed account of her years as Prime Minister. This second volume reflects on the early years of her life and how they influenced her political career.

New details of the remarkable relationship between two leaders who teamed up to change history. It's well known that Ronald Reagan and Margaret Thatcher were close allies and kindred political spirits. During their eight overlapping years as U.S. president and UK prime minister, they stood united for free markets, low taxes, and a strong defense against communism. But just how close they really were will surprise you. Nicholas Wapshott finds that the Reagan-Thatcher relationship was much deeper than an alliance of mutual interests. Drawing on extensive interviews and hundreds of recently declassified private letters and telephone calls, he depicts a more complex, intimate, and occasionally combative relationship than has previously been revealed.

Published in a single volume for the first time, Margaret Thatcher is the story of her remarkable life told in her own words--the definitive account of an extraordinary woman and consummate politician, bringing together her bestselling memoirs *The Downing Street Years* and *The Path to Power*. Margaret Thatcher is the towering political figure of late-twentieth-century Great Britain. No other prime minister in modern times sought to change the British nation and its place in the world

Read Book The Downing Street Years

as radically as she did. Writing candidly about her upbringing and early years and the formation of her character and values, she details the experiences that propelled her to the very top in a man's world. She offers a riveting firsthand history of the major events, the crises and triumphs, during her eleven years as prime minister, including the Falklands War, the Brighton hotel bombing, the Westland affair, the final years of the Cold War, and her unprecedented three election victories. Thatcher's judgments of the men and women she encountered during her time in power—from statesmen, premiers, and presidents to Cabinet colleagues—are astonishingly frank, and she recalls her dramatic final days in office with a gripping, hour-by-hour description from inside 10 Downing Street. Powerful, candid, and compelling, Margaret Thatcher stands as a testament to a great leader's significant legacy.

Lady Thatcher, a unique figure in global politics, shares her views about the dangers and opportunities of the new millennium.

Fronted by one of the world's most iconic doors, 10 Downing Street is the home and office of the British Prime Minister and the heart of British politics. Steeped in both political and architectural history, this famed address was originally designed in the late seventeenth century as little more than a place of residence, with no foresight of the political significance the location would come to hold. As its role evolved, 10 Downing Street, now known simply as 'Number 10,' has required constant adaptation in order to accommodate the changing requirements of the premiership. Written by Number 10's first ever 'Researcher in Residence,' with unprecedented access to people and papers, *No. 10: The Geography of Power at Downing Street* sheds new light on unexplored aspects of Prime Ministers' lives. Jack Brown tells the story of the intimately entwined relationships between the house and its post-war residents, telling how each occupant's use and modification of the building reveals their own values and approaches to the office of Prime Minister. The book reveals how and why Prime Ministers have stamped their personalities and philosophies upon Number 10 and how the building has directly affected the ability of some Prime Ministers to perform the role. Both fascinating and extremely revealing, *No. 10* offers an intimate account of British political power and the building at its core. It is essential reading for anyone interested in the nature and history of British politics.

In 1997, the biggest Labour victory in history swept England, ending eighteen years of Conservative government. Prime Minister Tony Blair — young, charismatic and complex — shaped the nation profoundly in the ten years that followed. From his work in Northern Ireland to the wars in Iraq and Afghanistan, few of his decisions were free from scrutiny and debate. Alternately beloved and reviled, he was an international figure to a degree matched by few British leaders — a role he continues in to this day through the Tony Blair Faith Foundation and his work in the Middle East. Now, for the first time, we see the

Read Book The Downing Street Years

fascinating journey and difficult choices of the prime minister through his own eyes. Grippingly candid and deeply intimate, A Journey is a must-read political memoir, full of startling insights into a host of world leaders, including George W. Bush and Bill Clinton. It is also a book that delves deeply and profoundly into what it means to be in a position of great power today, and its emotional and personal toll.
