The Politics of Anti-Westernism in Asia offers a rare, global perspective on how religious tradition and the experience of European colonialism interacted with Muslim and non-Muslim discontent with globalization, the international order, and modernization. Aydin's approach reveals the epistemological limitations of Orientalist knowledge categories, especially the idea of Eastern and Western civilizations, and the way in which these limitations have shaped not only the contradictions and ...

In this rich intellectual history, Cemil Aydin challenges the notion that anti-Westernism in the Muslim world is a political and religious reaction to the liberal and democratic values of the West. Nor is anti-Westernism a natural response to Western imperialism. Instead, by focusing on the agency and achievements of non-Western intellectuals, Aydin demonstrates that modern anti-Western ...

In this rich intellectual history, Cemil Aydin challenges the notion that anti-Westernism in modern Asia is a political and religious reaction to the liberal and democratic values of the West. Nor is anti-Westernism a natural response to Western imperialism. Instead, by focusing on the agency and achievements of non-Western intellectuals, Aydin demonstrates that modern anti-Western discourse grew out of the legitimacy crisis of a single, Eurocentric global polity in the age of high imperialism.

Anti-Western sentiment occurs in many countries, even from the West itself – especially European countries. Broad anti-Western sentiment also exists in the Muslim world against Europeans and the United States. The hatred against the United States stems from their support for Israel, the seizure of Iraq and the numerous sanctions on Iran.
